ABITA

Root Beer

Craft Brewed

Abita Root Beer is brewed to accentuate the traditional herbal flavors found in American root beers of the 1940s and 1950s. We've added a touch of vanilla for creaminess and a pinch of yucca to produce a lacy collar of foam. Our root beer is made with pure Louisiana cane sugar to create a taste that's Louisiana True®. Hot brewing the old-fashioned way caramelizes the sugar and gives Abita Root Beer a full bodied taste.
