

SUTTER HOME®

FAMILY VINEYARDS

WINEMAKING

For our Red Moscato, winemakers bring together sweet Moscato and fresh, fruity Syrah to create a beautifully refreshing blend. To give the wine its pretty, dark pink color, winemakers allow the skins and juice to mingle for 24 hours. The wine is then cold-fermented at 55°F and aged entirely in refrigerated stainless steel tanks to preserve fresh, fragrant aromas and bright flavors.

TASTING NOTES

Fresh strawberry and cherry aromas reveal sweet berry flavors complemented by hints of rose petal on the palate. Its luxurious, creamy mouthfeel is beautifully balanced by a vibrant, refreshing finish. Our Red Moscato is a perfect match for both savory and sweet foods. Served well-chilled.

Berry Pie

FAMILY OWNED SINCE 1948

Our timeless American story dates back three generations to when the Trinchero family left their home in New York City to pursue the American Dream in Napa Valley. The family purchased Sutter Home Winery in 1948, after the winery had been closed for almost 30 years due to Prohibition. Still family-owned, Sutter Home has a long history of delivering wine that people love, starting with the creation of the original White Zinfandel in the 1970s.

Sutter Home is proud to be the brand generations of wine lovers trust to deliver consistent, award-winning quality and value for every wine occasion. We were honored to be awarded the Distinguished Service Award for “having introduced more Americans to wine on the table than anyone in history” from Wine Spectator. We will forever stand by our promise to create “a great product for a fair price.”
